The Company will not be affected by any assignment of the Policy until it has been notified in writing by the Policyholder or any other person at the time being entitled to this Policy, in the absence of any restriction (legal or otherwise), of the assignment in accordance with Condition 4(b). The Policy may only be assigned in its entirety.

The rate at which premium payments will be allocated to purchase Units is specified in the Policy Schedule.

- (b) Single Premium Injections

93% of each Single Premium Injection will be allocated to purchase Accumulation Units which will be divided equally across all Sub-policies if applicable.

6. Initial Allocation Period

The Initial Allocation Period will be determined by the chosen Premium Term as shown in the table below. During the Initial Allocation Period, Regular Premiums will be allocated to Initial Units. Following the Initial Allocation Period, Regular Premiums will be allocated to Accumulation Units.

Premium Term (years)	Initial Allocation Period (months)
up to 18	18
19	19
20	20
21	21
22	22
23	23
24+	24

If Regular Premiums are increased, then the amount of any increase will be subject to a further Initial Allocation Period based on the remaining Premium Term, and disregarding any part of a Premium Holiday falling within that period.

At the end of the Premium Term, or the 30th anniversary of the Policy or Regular Premium increase if earlier, any remaining Initial Units are converted to Accumulation Units on a one for one basis.

No Initial Allocation Period applies to Single Premium Injections.

7. Charges

The following charges will be deducted from the Policy or equally across all Sub-policies if applicable:

- (a) Initial unit charge

- (i) A charge of 0.50% per month of the value of Initial Units will be deducted by cancellation of Initial Units. This charge will continue throughout the Premium Term, or until the 30th Policy anniversary if earlier.
- (ii) Initial Units purchased by a Regular Premium increase will also be subject to this charge throughout the Premium Term or until the 30th anniversary of the Regular Premium increase if earlier.

- (b) Contract charge

There will be a contract charge equal to a defined percentage per year of the current Fund Value, deducted each month. The current contract charge is 1.5% per year, deducted as 0.125% of the current Fund Value every month. It will be deducted through the proportional cancellation of Initial and Accumulation Units.

(c) Policy fee

A Policy fee of GBP5.00/EUR6.00/CHF7.50/USD8.00/AUD9.00/HKD62.50/JPY850.00 will be deducted from the Policy each month through the cancellation of Accumulation Units.

The Policy fee will be increased each year in line with the Isle of Man Retail Prices Index.

The Policy fee will be multiplied by 3 during a Premium Holiday or when the Policy is made Paid up.

(d) External fund management charge

The manager of each external Fund will deduct an annual management charge. This will be allowed for within the pricing of the individual Funds, at a rate determined by the manager of each Fund. The charge will vary according to the Fund chosen and further details can be obtained from the Policyholder's Investment Adviser or the *Investment Guide*, as is updated from time to time.

(e) Investment Adviser fee

If the Policyholder chooses to appoint an Investment Adviser they may agree a fee of up to 1% per year of the Fund Value to be deducted from accumulation units and paid to the Investment Adviser. An Investment Adviser fee will be treated as a regular withdrawal and will be subject to the regular withdrawal limits as set out by the Company from time to time.

The Investment Adviser fee will commence once the Fund Value exceeds GBP15,000 (or currency equivalent) provided that the Policy is outside the Initial Allocation Period, unless a Single Premium Injection has been applied to the Policy.

(f) Premium Tax

The Company may, in certain jurisdictions, be required to collect a Premium Tax. If applicable it will be deducted from the Premium received before allocation to the Policy and will be paid to the relevant fiscal authority. The amount of the charge will be specified in the Policy Schedule.

(g) Miscellaneous charges

(i) A charge to recoup any sum the Company is required by law to pay concerning the Policy to any government, statutory or regulatory agency or authority, including any levy imposed on the Company as a result of the Isle of Man Life Assurance (Compensation of Policyholders) Regulations 1991 (where the amount of the charge will be based on the proportion of the levy that is attributable to the actuarial liabilities of the Company under the Policy), may be deducted by the Company from the Policy by the cancellation of Accumulation Units.

(ii) A charge for any additional or extraordinary work that the Company carries out in connection with the

Policy, which is not recovered elsewhere, including but not restricted to a charge for the reinstatement of the Policy under Condition 10(f), a charge for the switching of investments under Condition 17(b), and a charge for any valuations provided in addition to the annual valuation may be deducted by the Company from the Policy by the cancellation of Accumulation Units.

(iii) Where monies are invested in more than one Fund, the Company will, wherever possible, apportion charges equally across all Funds by selling a proportionate number of Units in each of those Funds. However, where the Company determines that this is not possible or practicable for whatever reason, it may determine the number of Units to be sold in any particular Fund or Funds to cover the charges.

8. Allocation of Units

(a) Units will be allocated in the underlying chosen Fund(s) on the Business Day following confirmation that the relevant Premium has been received by the Company, using prices available on that day or as soon as reasonably practicable thereafter.

(i) All Units allocated to the Policy as a result of the payment of any Single Premium Injection will be classified as Accumulation Units.

(ii) All Units allocated to the Policy as a result of the payment of any Regular Premiums will be classified as Initial Units or Accumulation Units in accordance with Condition 6.

(b) The number of Units to be allocated to the Policy as a result of the payment of any Single Premium Injection will be calculated by:

(i) Multiplying the Premium by the Allocation rate as shown in condition 5(b), and

(ii) Dividing the result of (i) by the Unit Price of the Fund on the date of allocation as determined under Condition 8(a).

(c) The number of Units allocated to the Policy will be rounded down to the nearest 1,000th part of a Unit.

(d) Negative Accumulation Units

During the Initial Allocation Period when charges are taken from Accumulation Units this will result in a negative Accumulation Unit balance being created. These will be cleared by the subsequent receipt of Premiums due.

9. Loyalty Bonus and Premium Incentive

(a) If all Regular Premiums have been paid in accordance with the Policy Schedule, the Company will allocate additional Accumulation Units to the Policy at the end of the Premium Term, or on the 30th anniversary of the Policy or the Regular Premium increase if earlier, as shown in the table below:

Premium Term	Bonus allocation as a percentage of Fund Value	Premium Term	Bonus allocation as a Percentage of Fund Value
5-9	0.00%	20	5.00%
10	2.50%	21	5.25%
11	2.75%	22	5.50%
12	3.00%	23	5.75%
13	3.25%	24	6.00%
14	3.50%	25	6.25%
15	3.75%	26	6.50%
16	4.00%	27	6.75%
17	4.25%	28	7.00%
18	4.50%	29	7.25%
19	4.75%	30	7.50%

- (b) The bonus allocation percentage shown will be reduced by 0.25% for each year, or part thereof, where the Premium has not been received, due to the Policy being made Paid up in accordance with Condition 10, or the exercising of the Premium Holiday option as detailed under Condition 11.
- (c) No bonus Unit allocation will apply to Single Premium Injections.
- (d) A Premium Incentive, taking the form of an additional number of Initial Units, will be allocated to those Policies that meet the qualifying criteria as specified by the Company from time to time. The amount of Premium Incentive allocated will be shown in the Policy Schedule. If applicable, the premium incentive will be allocated equally across all sub-policies.
- (e) Any Regular Premium increase will also qualify for a Premium Incentive taking the form of an additional number of Initial Units, provided that the Regular Premium increase meets the qualifying criteria as specified by the Company from time to time. The amount of Premium Incentive allocated will be shown in the Regular Premium Endorsement.

10. Paid Up

- (a) Provided that the Policy is outside the Initial Allocation Period, and the Fund Value is above the Minimum Fund Value as specified by the Company from time to time, the Policyholder may request by written application to the Company in accordance with Condition 4(b) that the Policy be made Paid up. Following the Policy being made Paid up no further Units will be allocated to the Policy and no further Premiums will be payable.
- (b) If a Regular Premium due under the Policy Schedule has not been received by the Company within 30 days of the due date, where the Policy is outside the Initial Allocation Period, the Policy will automatically be made Paid up.

- (c) If a Regular Premium due under the Policy Schedule has not been received by the Company within 30 days of the due date, where the Policy is still within the Initial Allocation Period and/or the Fund Value is below the Minimum Fund Value, the Company reserves the right to Lapse the policy, in which case the net proceeds, if any, calculated in accordance with Condition 12, will be paid to the Policyholder and then the Policy will be terminated.
- (d) All charges under Condition 7 will continue to apply after the Policy has been made Paid up.
- (e) If, through non payment of Regular Premiums this Policy is made Paid up, the Policyholder may, with the written consent of the Company, resume payment of Regular Premiums.
- (f) If through non payment of Regular Premiums this Policy has Lapsed, then the Policyholder may, with the written consent of the Company, and subject to the prior payment of all outstanding Regular Premiums due in accordance with the Policy Schedule, resume payment of Regular Premiums. Where a Policy is reinstated from a Lapsed status any holding will be re-invested in the chosen Underlying Fund or Funds using prices available on the following Business Day or as soon as reasonably practicable thereafter.

11. Premium Holiday

- (a) Once the Initial Allocation Period has expired and the Policy has exceeded the Minimum Fund Value as specified by the Company, and providing that all Regular Premiums due have been received by the Company, the Policyholder may request a Premium Holiday. A Premium Holiday may commence on any premium renewal date and may last for up to 2 years.
- (b) All charges under Condition 7 will continue to apply for the duration of the Premium Holiday.

12. Surrender/withdrawal

- (a) The Policyholder or any other person at the time being entitled to this Policy may, in the absence of any restriction (legal or otherwise) and on giving written instruction to the Company in accordance with Condition 4(b), surrender the Policy or Sub-policies if applicable.
- (b) Units do not acquire a surrender value during the Initial Allocation Period. Thereafter, the surrender value of the Policy or Sub-policies if applicable will be a sum equal to the value of Units allocated to the Policy, or Sub-policies if applicable, at the next calculated Unit Price(s) less any surrender charge.
- (c) A surrender charge will be deducted from the Fund Value of the Policy or Sub-policies if applicable. It will be calculated as a percentage of the value of Initial Units allocated to the Policy or Sub-policies if applicable, where the percentage is dependent upon the period from the date of surrender to the earliest of the 30th anniversary of the Policy or Regular Premium increase, and the end of the Premium Term, as shown below:

Years to end of Premium Term	Charge	Years to end of Premium Term	Charge	Years to end of Premium Term	Charge

9	52.5%	19	79.5%	29	91.0%
10	56.5%	20	81.0%	30	91.5%

- (d) Where the years to the end of the Premium Term (as shown in the table above) is not a complete number of years, a formula will be used by the Actuary to calculate the charge applied, which will be between the two charges detailed in the table.
- (e) Any additional Initial Units allocated to the Policy, or Sub-policies if applicable by way of a Premium Incentive, will be subject to a 100% surrender charge within the first 5 years of its application to the Policy or Sub-policies if applicable.
- (f) A proportion of bonus allocation of Accumulation Units made under Condition 9(a) will be paid on surrender of the Policy, or Sub-policies if applicable, if the surrender takes place after the 10th Policy anniversary and within 5 years of the end of the Premium Term, or the 30th anniversary of the Policy or Regular Premium increase, if earlier, as shown below:

Years to end of Premium Term	Percentage of bonus payable
0	100%
1	80%
2	60%
3	40%
4	20%
5+	0%

- (g) The Policyholder or any other person at the time being entitled to this Policy may, in the absence of any restriction (legal or otherwise) and on giving written instruction to the Company in accordance with Condition 4(b), request a withdrawal from the Policy. Withdrawals are not allowed during the Initial Allocation Period unless Accumulation Units are held within the Policy.
- (h) The Company will decline a request for a withdrawal if the amount payable is less than the minimum level as specified by the Company from time to time, or if the value at the price on the Valuation Date of the Units remaining attributed to the Policy after the withdrawal

would be less than the Minimum Fund Value applicable at the time.

- (i) Once the Initial Allocation Period of the Policy has expired, withdrawals may be made at a frequency as specified by the Company from time to time. Withdrawals in respect of any Single Premium Injections paid may be made at any time. The Company will act reasonably when determining the minimum and maximum values for regular and one-off withdrawals.
- (j) Withdrawals will be deducted proportionally from all Funds where monies are invested in more than one Fund, or where this is not possible from such Funds as the Company determines.
- (k) Withdrawals are only available from the Accumulation Unit holding of the Policy. Initial Units can only be redeemed by way of a full surrender.
- (l) If applicable, withdrawals will be deducted equally across all Sub-policies.

13. Death Benefit

- (i) Benefit on death (only applicable if the Policy Type is a Life Assurance Policy)

The amount of Death Benefit is shown in the Policy Schedule and is expressed as a percentage of the Fund Value, as calculated on the next Valuation Date following receipt by the Company of evidence to its satisfaction of the death of the Life Assured in accordance with Condition 14.

The amount of Death Benefit shown in the Policy Schedule is inclusive of the Fund Value and not in addition to it. If the Policy is held jointly, as described in Condition 18, references in this Condition shall be to the death of the last surviving Life Assured named in the Policy Schedule.

- (ii) Benefit on maturity (only applicable if the Policy Type is a Capital Redemption Policy)

When the Capital Redemption Policy reaches the end of its 99 year term, the Company will pay a benefit on maturity of the Fund Value plus a fixed amount as detailed in the Policy Schedule. When the Company pays the benefit on maturity, the Policy will come to an end.

14. Requirements on Claim

- (a) When an event occurs on which any sum is claimed under this Policy, such evidence and information must be supplied by the person making the claim as shall be reasonably required by the Company including:
- (i) Where the claim arises on death, a registrar's certificate of death and such other evidence and information as may be requested by the Company;
- (ii) Proof of title to this Policy (all documents relating to which must be provided for inspection at the Company's Head Office).

- (b) When the Company pays any money due under the Policy on death, maturity or on a total surrender of this Policy, this Policy and all documents of title not dealing with any other property must be given up to the Company. The Company retains the right to request production of any document retained by the claimant.
- (c) Any person entitled to any money due under this Policy will be required to sign a receipt acknowledging payment and, where reasonably required by the Company, agreeing to indemnify the Company in the event of a subsequent claim being made by another person claiming title to this Policy.
- (d) The Company reserves the right to withhold payment of any maturity or death benefit or any surrender proceeds where a request for documentation remains outstanding or in the opinion of the Company it may incur any liability by paying proceeds from the Policy either as a constructive trustee or otherwise.

15. Interest

- (a) The Company will pay interest if payment of benefits as described in Condition 13 is delayed for more than 2 calendar months after the date payment is due subject to Condition 14.
- (b) The rate of interest shall be such as is reasonably determined from time to time by the Actuary.

16. Special Circumstances

If at any time during the term of this Policy there should be any change in the law affecting this Policy or the investment rights and powers of the Company are removed or restricted or if for any reason it becomes impossible or impracticable to give full effect to the Terms and Conditions contained in this Policy, the Terms and Conditions of this Policy and all benefits conferred by it may be varied by the Company in such reasonable manner as the Actuary shall consider appropriate to enable as nearly as possible the Terms and Conditions of this Policy to take effect.

The Policyholder will be notified in accordance with Condition 4(c) of the variation and the reason for it at the first practical opportunity.

17. Unit-linked Funds

- (a) For each Premium paid into the Policy, the Company will buy units in the chosen Fund(s) on the Business Day following the date that cleared funds have been received, using the prices available or as soon as reasonably practicable thereafter.
 - (i) Units in the Fund(s) in which the Policy is invested will be used to determine the current Fund value and surrender value.
 - (ii) A minimum amount must be invested into each Fund chosen as specified by the Company from time to time.

The Policy can invest in a maximum number of funds as specified by the Company from time to time subject to a minimum investment in each Fund.

- (iii) If any Fund is valued in a currency other than the Policy Currency, its value will be converted into the Policy Currency at a rate determined by the Company, based on those commercially available in the market.
- (b) Buying, Selling and Switching Funds
- (i) You can ask the Company in writing to sell some or all of the Units in any Fund in which the Policy is invested, and use the proceeds to purchase Units in another Fund. Instructions to switch out of Funds will normally be sent to the fund manager of the relevant Fund as soon as is reasonably practical following receipt of the request. The purchase of Units in the newly selected Fund(s) will not occur until such time as the Company has received the value of the Units in the existing Fund(s).
 - (ii) Where a Fund switch takes place between Funds that are priced in different currencies, a foreign exchange transaction is required. This will be done at a rate determined by the Company based on those commercially available in the market.
