Address

June 2016

Dear Shareholder,

The Board of Directors of Allianz Global Investors Fund (SICAV) (the "Company") hereby gives notice of the following changes, which will become effective on 15 July 2016:

Name of the Sub-Fund	Subject	
	Present Approach	New Approach
Allianz Advanced Fixed Income Global Aggregate	Change of letter b) of the Investment Principles	
	Subject in particular to the provisions of letter h), the acquisition of Interest-bearing Securities, which at the time of acquisition are High-Yield Investments, is restricted to a maximum of 20 % of the value of Sub-Fund assets.	Subject in particular to the provisions of letter h), the acquisition of Interest-bearing Securities, which at the time of acquisition are High-Yield Investments, is restricted to a maximum of 20 % of Sub-Fund assets. The Sub-Fund may only invest in High Yield Investments that at the time of acquisition carry a rating between BB+ and B- (Standard & Poor's and Fitch) or Ba1 and B3 (Moody's) or an equivalent rating by other recognized rating agencies or are not rated at all, but which, in the opinion of the Investment Manager, would carry a rating between BB+ and B-, or Ba1 and B3 if they were to be rated. The best available rating at acquisition day is decisive for the assessment of the possible acquisition of assets according to sentence 1 of letter a). If such an asset loses the minimum rating set out in the third sentence of this letter it must be sold within six months.
	Change of letter d) of the Investment Principles	
	Mortgage-backed securities (MBS) and asset-backed securities (ABS) may not exceed 20 % of the value of the assets of the Sub-Fund.	Mortgage-backed securities (MBS) and asset-backed securities (ABS) may only be acquired if they carry a rating of BBB- or better (Standard & Poor's and Fitch) or Baa3 or better (Moody's) or equivalent ratings by other recognized rating agencies at the time of acquisition. Assets as described in the previous sentence may not exceed 20 % of Sub-Fund assets.
Allianz Best Styles Emerging Markets Equity	Change of letter a) of the Investment Principles	
	Subject in particular to the provisions of letter e), at least 70 % of Sub-Fund assets are invested in Equities, participation certificates or warrants of companies whose registered offices are in an Emerging Market country or whose issued securities are included in the MSCI Emerging Markets Index or that generate a predominant share of their sales and/or their profits in an Emerging Market country. Index certificates and certificates on Equities and Equity baskets – all being securities according to the Law – whose risk profile correlates with the assets listed in sentence 1 or with the investment markets to which these assets can be allocated may also be acquired. Allianz BRIC Equity	Renaming of the Sub-Fund	
	Allianz BRIC Equity	Allianz GEM Equity High Dividend
	Change of the Investment Objective	
	The investment policy is geared towards long-term capital growth by investing Sub-Fund assets in global emerging equity markets, with the focus on Brazil, Russia, India and China.	The investment policy is geared towards long-term capital growth by investing Sub-Fund assets in global emerging equity markets by focusing on equities with a potential dividend yield above the market average..
	Change of the Investment Principles	
<p>a) Subject in particular to the provisions of letter g), at least two thirds of Sub-Fund assets are invested in Equities issued by companies that have their registered offices in the Federative Republic of Brazil, the Russian Federation, the Republic of India or the People's Republic of China (BRIC countries), or which generate a predominant proportion of their sales and/or profits in those countries. Included in this limit, warrants for Equities from companies as defined in the first sentence of this letter and index certificates, certificates on adequately diversified Equity baskets based on at least ten Equities of appropriate companies and other certificates (e.g. certificates on individual Equities) that are securities according to Appendix 1 No. 1 a) and No. 2 first indent provided their risk profile typically correlates with the assets listed in the first sentence of this letter or with the investment markets to which these assets can be allocated, may also be acquired.</p> <p>b) Subject in particular to the provisions of letter g), up to one third of Sub-Fund assets may be invested in Equities, or warrants other than those listed in letter a). The purpose of deposits, money-market instruments and money-market funds is to ensure the necessary liquidity.</p> <p>e) Securities from Emerging Markets may be acquired to a substantial extent. Nevertheless, securities from Developed Countries may also be acquired. The weighting between investments in Developed Countries and Emerging Markets may fluctuate depending on the evaluation of the market situation; the weighting between these securities may be such that the Sub-Fund may be, for example, fully invested in Emerging Markets.</p> <p>f) The weighting of the BRIC countries upon launch of the Sub-Fund is made on the basis of the Investment Manager's market assessment at that point in time. At the beginning of each calendar year, the Investment Manager has the option of analysing the relative performance of the BRIC countries in the previous calendar year, in order to aim at an approximate balance of the BRIC countries in the Sub-Fund, with effect from the start of the respective calendar year. This investment strategy has the objective of utilising statistical findings on the relative development of different national economies with regard to each other ("mean reversion effect"). This may result in increased restructuring within the Sub-Fund at the start of the calendar year. The quotas of the individual BRIC countries, as would be obtained from the</p>	<p>a) At least 70% of Sub-Fund assets are invested in Equities of companies whose registered offices are in an Emerging Market country or that generate a predominant share of their sales and/or profits in an Emerging Market country, with a potential dividend yield above the market average. The purpose of deposits, money-market instruments and money-market funds is to ensure the necessary liquidity.</p> <p>e) Within the remit of the Exposure Approach, it is permissible that the limits described in letter b) above are not adhered to.</p> <p>f) The limits listed in letters a) and d) are not required to be adhered to in the last two months before liquidation or merger of the Sub-Fund.</p> <p>g) Due to the Sub-Fund being marketed in Taiwan and Hong Kong, the Additional Investment Restrictions as described under No. 16) and No. 17) of the Introduction apply.</p>
