

7 BENEFITS OF AN OFFSHORE PLAN

THIS DOCUMENT WILL LOOK AT SOME OF THE KEY UK TAXATION BENEFITS OF AN RL360 PLAN FOR RETURNING UK EXPATRIATES AS WELL AS THOSE MOVING TO THE UK FOR THE FIRST TIME.

1 GROSS ROLL UP

- UK tax legislation allows RL360's plans to accumulate income and gains without incurring an ongoing tax charge. This is known as 'gross roll up'.
- Gross roll up also applies in a number of other jurisdictions.
- With gross roll up, tax generally only arises on withdrawals and surrenders. This allows any taxation to be delayed to a time when the client is a lower rate tax payer.

2 TAX DEFERRED WITHDRAWALS

- 5% of the total premiums paid can be withdrawn each policy year with no immediate UK income tax liability.
- Any unused 5% tax deferred allowance can be rolled forward to a future policy year.

3 TIME APPORTIONMENT RELIEF

- Any UK tax will be reduced proportionately for time spent as a non-UK resident.
- Additional investments are deemed to be made at the commencement of the plan, thereby increasing any time apportionment relief given.

4 TOP SLICING RELIEF

- Allows any gain to be annualised so that tax is paid at a rate equivalent to the rate that would have applied if the gain had been taxable in each year it were made.
- Gain is averaged out over the number of years the plan has been owned and charged accordingly.

5 GIFTING OF PLAN

Assignment by gifting allows ownership of the plan to be changed to a third party:

- No UK income or capital gains tax charge on original owner.
- Future UK income tax charged at new owner's marginal rate of tax.
- Allows planning opportunities to transfer income tax liability to lower rate tax payer.

6 SEGMENTATION

- Follows same principle as an assignment but with additional flexibility.
- Individual plan segments can be gifted to a third party.
- Future UK income tax charged at new owner's marginal rate of tax.
- Allows planning opportunities. Plan segments could be gifted to help with children's education or a house purchase.

7 TRUSTS

Placing a plan into trust can:

- Reduce or eliminate any potential UK inheritance tax liabilities.
- Assist with succession planning.
- Remove requirements for Isle of Man probate.
