Notice of your statutory rights for access to medical reports

You should read this note carefully, as it sets out your rights under the Access to Medical Reports Act 1988 or the Access to Personal Files and Medical Reports (Northern Ireland) Order 1991 (as appropriate or any re-enactment thereof) and the procedures for dealing with such reports.

You do not have to give your consent but without it we will not be able to verify your state of health which could jeopardise the value of the discount under the Discounted Gift Trust. If you do give your consent, you can say whether you wish to see the report before it is sent to our Chief Underwriter.

If you indicate you do not wish to see any report

Your doctor can return the report to us immediately, and we can commence underwriting without delay.

You can, however, still change your mind and notify your doctor that you wish to see the report at any time within six months. If the doctor has already returned the report to us he will make arrangements to let you see a copy and, if not, he will give you 21 days to arrange to see it.

If you indicate you do wish to see any report

This may delay the processing of your application. The doctor is allowed to charge you a fee to cover the cost of supplying you with a copy of the report.

You should follow the procedures outlined below.

03 **MEDICAL QUESTIONS CONTINUED**

Procedures for access to medical reports

If you say you wish to see the report, we will tell you at the same time we write to your doctor, and we will tell them that you wish to see the report. You will then have 21 days to contact the doctor to arrange to see the report.

Once you have seen the report, the doctor cannot submit it to us without your consent. If you do not give us your consent, we will not be able to verify your state of health and as such be unable to estimate the value of the discount under the Discounted Gift Trust.

Once you have seen the report, you can write to the doctor asking them to amend any part of the report you consider to be incorrect or misleading, and have attached to the report a statement of your view of any part where you and your doctor are in disagreement and which the doctor is not prepared to alter.

The doctor is not obliged to let you see any part of the report if, in their opinion, that would be likely to cause serious harm to your physical or mental health or that of others, or would indicate the doctor's intentions toward you. They also do not have to let you see any part that would be likely to disclose information about, or the identity of, another person who has supplied information about you, unless that person has consented or the information relates to, or has been supplied by, a health professional involved in caring for you. In such cases, the doctor must notify you and you will be limited to seeing any remaining part of the report.
