## PLEASE PASS THIS LETTER TO THE INVESTMENT ADVISER(S) IN YOUR COMPANY WHO MANAGE INVESTMENT CHOICES FOR CLIENTS ON RL360 PLANS. THIS NOTIFICATION MAY IMPACT THEM AND THEY MAY WISH TO TAKE SOME ACTION.

You are receiving this notification as your company has RL360 plans, which are advised by you and are impacted by this notification. We have not written directly to the owners of the plans. As each plan owner has appointed your company in the capacity of investment adviser to manage the investment choices on their behalf, you should contact your clients as necessary to discuss the details of this notification and any recommended course of action.

Dear investment adviser

#### CLOSURE OF THE MATTHEWS ASIA - ASIA DIVIDEND FUND - IMPACTS RL360 LIFEPLAN, REGULAR SAVINGS PLAN, REGULAR SAVINGS PLAN MALAYSIA, PARAGON, ORACLE, QUANTUM, QUANTUM MALAYSIA AND KUDOS.

We have been informed by the Board of Directors of Matthews Asia Funds ("Matthews Asia") that it will be closing its **Matthews Asia – Asia Dividend Fund** (the "Affected Fund"). We are writing to you as you have one or more clients whose RL360 plan holds units in the Affected Fund.

### Background

As part of a review of its fund range, Matthews Asia has decided to merge its Asia Dividend Fund into its Emerging Markets Equity Fund (the "Proposed Receiving Fund") on 24 January 2025 (the "Closure Date"). In anticipation of the merger, Matthews Asia will stop accepting investment into the Affected Fund with effect from 10 January 2025 (the "Subscription Suspension Date").

## Action RL360 will be taking in regard to the merger

The Proposed Receiving Fund is not available in our Savings and Investments fund ranges. Therefore we will instead switch holdings into the **Guinness Asian Equity Income** fund (the "Alternative Receiving Fund"), the share class of which will be in the same currency as current Affected Fund holdings, on **9 January 2025** (the "**Switch Date**"), just ahead of the Subscription Suspension Date.

The Alternative Receiving Fund has been selected as it is similar to the Affected Fund. Details of the Affected Fund and the Alternative Receiving Fund are set out in the Appendix at the end of this letter. Please refer to the Appendix for further information.

We have now closed the Affected Fund to new business and switches in with immediate effect. Your clients can remain invested in the Affected Fund until the date we switch them. Any holdings in the Affected Fund will be automatically switched, and any regular premium allocation redirected (if applicable), into the Alternative Receiving Fund.

If you are happy with our choice of Alternative Receiving Fund then you do not need to do anything. However, if you would prefer to switch to a different fund, it is free of charge and very easy to do. If you would like this to happen before the Switch Date, we must receive your instructions by 5.00pm UK time on 8 January 2025.

Investment Objective and Policy	The Fund's investment objective is to seek total return through capital appreciation and current income. Under normal market conditions, the Fund seeks to achieve its investment objective by investing, directly or indirectly, primarily (i.e. at least 65% of its total net assets) in income-paying publicly traded common stocks, preferred stocks, convertible debt and equity securities of any maturity and in those that are unrated, or would be below investment grade if rated, and other equity-related instruments (including, for example, investment trusts and other financial instruments) of companies located in or with substantial ties to the Asia Pacific region. On an ancillary basis, the Fund may invest in other permitted assets on a worldwide basis.	The investment objective of the Fund is to provide investors with both income and long-term capital appreciation. In seeking to achieve its investment objective the Fund intends to primarily invest in equity and equity related securities of companies that are either primarily traded on market exchanges in the Asia Pacific Region including Japan (the "Region") or that derive at least 50% of their revenues from business activities in that Region, but which may be listed and traded on other Recognised Exchanges. The companies invested in will primarily pay dividends. The Fund is actively managed and uses the MSCI AC Pacific ex Japan Index as a comparator benchmark only.

Notes: Information within this table is sourced from Morningstar® and is correct as at 20 December 2024.

\* Ongoing Charge includes the Annual Management Charge plus other operational expenses, so better reflects the total costs applied to the fund.

\*\* 5 Year Standard Deviation – Standard deviation is a statistical measurement which, when applied to a fund, expresses its volatility, or risk. It shows how widely a range of returns varied from the fund's average return over a particular selected period; in this case a 5 year period has been selected. If a fund had an average return of 5%, and its volatility was 15%, this would mean that the range of its returns over the period had swung between +20% and -10%.
