NOTICE TO SHAREHOLDERS
(the “Notice”)

23 October 2025

Dear Shareholder,

We are writing to inform you of certain changes we are making to the Company and the Funds, which are summarised below.

The changes described in this Notice do not have any material impact on investors or on the risk profile, investment strategy, or portfolio construction of the Funds, and unless otherwise stated will be effective on or around 23 October 2025 (the “Effective Date”).

1. **Update of the sustainable investment description under the SFDR pre-contractual disclosures**

The disclosures regarding the assessment of sustainable investments will be refined to provide a more accurate description of the existing methodology for the Article 8 Funds that has adopted a commitment to invest a minimum percentage of its net asset value in sustainable investments.

The criteria of “*revenue-mapping to UN Sustainable Development Goals*” for assessing positive contribution to environmental or social objectives will be clarified to having “*business activity, defined as a minimum 20% of revenue, positively contributes to environmental and/or social objectives, which may include but are not limited to, alternative energy, energy efficiency, pollution prevention, nutrition, sanitation, and education.*”.

Further, the below disclosure under the section “What is the policy to assess good governance practices of the investee companies?” of the SFDR pre-contractual disclosures will be removed because it is not reflective of the existing methodology.

“The Investment Manager uses third-party data and/or analysis, including the MSCI ESG Controversies methodology, to assess good governance practices of the investee companies. Accordingly, an MSCI ESG Rating of BB or higher generally indicates good governance.”

The equity Funds in scope of this update are listed below (the “Equity Funds”):

- Global Property Equities Fund
- Asia-Pacific Property Income Fund
- Pan European Property Equities Fund
- Pan European Smaller Companies Fund
- Biotechnology Fund
- Euroland Fund

Janus Henderson Horizon Fund

- Global Smaller Companies Fund
- Pan European Mid and Large Cap Fund
- Japan Opportunities Fund

The bond Funds in scope of this update are listed below (the “**Bond Funds**”):

- Global High Yield Bond Fund
- Euro Corporate Bond Fund
- Euro High Yield Bond Fund
- Strategic Bond Fund

These changes are purely clarificatory refinements of the existing methodology applied to the Funds and there is no change to the underlying methodology itself, nor is there any impact to the portfolios.

A summary of the amendments added to the Fund disclosures is included in **Appendix A**.

2. Update of the good governance policy description under the SFDR pre-contractual disclosures

To provide investors with a more comprehensive description of the existing policy of how investee companies are assessed for good governance practices for all existing Article 8 and Article 9 Funds under SFDR, the following disclosures will be added under the section “What is the policy to assess good governance practices of the investee companies?” of the SFDR pre-contractual disclosures.

“The Investment Manager has developed a proprietary framework based on internal analysis and data from external vendors to assess securities on specific indicators relating to good governance.”

This is purely a clarificatory refinement of the existing good governance assessment methodology and there is no change to the underlying methodology itself, nor is there any impact to the portfolios.

3. Update of hyperlinks to the Sustainability Risk Policy and Responsible Investment Policy

The hyperlink references disclosed in the Prospectus regarding the Sustainability Risk Policy and Responsible Investment Policy (currently the “ESG Investment Policy”) will be updated to direct investors to the Janus Henderson Investors “ESG Resource Library” web page.

You are not required to take any action as a result of these changes, as it is for your information only.
